Article 1 Section 10 of the U.S. Constitution prohibits states or their subdivisions from entering into any "treaty, alliance or confederation" with a foreign political organization. Contracts with ICLEI – Local Governments for Sustainability headquartered in Bonn, Germany fit into this prohibition. Increasingly, American citizens are becoming aware of this fact. There are no U.S. Supreme Court cases under Article 1 Section 10 of the U.S. Constitution. That is because no state has engaged in the prohibited action during America's history. The present situation is a first, de novo, circumstance.

According to www.iclei.org, ICLEI was founded in 1990 as the 'International Council for Local Environmental Initiatives.' The 'International Council for Local Environmental Initiatives' became 'ICLEI – Local Governments for Sustainability' in 2003 with a broader international mission to pursue Sustainability issues. ICLEI is an international association of local governments as well as national and regional government organizations who have made a commitment to the United Nations program of Sustainable Development – Agenda 21.

Many elected city officials are indoctrinated through their League of Cities seminars and other associations to embrace Sustainable Development – Agenda 21 principles. This often leads to an ICLEI contract which accelerates the ride down the path of ruin.

At Freedom Advocates we recommend that a Misprision of Treason be presented to elected officials who fail to attempt to sever the ICLEI association. Let the honest and brave politicians who do attempt to sever and who stand for their oaths to the Constitution be left out of the misprision notice. A misprision is described as: "Misprision of treason is the failure to perform a public duty. A person who knows that a treason is being or is about to be committed but does not report it to a proper authority commits a misprision of treason." ([Misprision of Treason Law & Legal Definition, USLegal.com](#)) A misprision is the concealment of a crime – treason. "Misprision of treason, is the concealment of treason, by being merely passive for if any assistance be given, to the traitor, it makes the party a principal, as there are no accessories in treason." ([Lectric Law Library](#))

States including California have misprision statutes. It is entirely appropriate to notify elected officials of the nature of the offensive activity before issuing a misprision. Then, hold the official accountable. For more information, view the [ICLEI Primer](#) at www.FreedomAdvocates.org.

Many concerned citizens spoke out against the "One Bay Area" Plan at a MTC Planning Committee/ABAG Administrative Committee meeting on 12/14/12 in the San Francisco Bay Area, CA. Heather Gass spoke to the ABAG/MTC board about the history of the *One Bay Area* Plan and cited their documents connecting them to UN Agenda 21 and ICLEI and informing them that they are in violation of Article 1, Section 10 of the U.S. Constitution. Listen to Heather Gass at the 1:02:00 mark in this audio recording of the meeting.
