

MUST WATCH CULTURAL MARXISM EXPOSED

Please take the time to watch this video about Cultural Marxism (see below). If you have ever wondered how we got to where we are at today, this video will open your eyes. "Cultural Marxists" said they'd make the "long march through our institutions" and they have. Without exception, the "cultural Marxists" have undermined every institution we have. This is a direct assault on Christian values and their goal is to destroy Western Civilization by

destabilizing our society.

From [Destroy Cultural Marxism](#)

“Cultural Marxism: An offshoot of Marxism that gave birth to political correctness, multiculturalism and “anti-racism.” Cultural Marxism maintains that all human behavior is a result of culture (not heredity / race) and thus malleable. While traditional (economic) Marxists focused on class identity in racially homogenous countries (with poor results during WWI), Cultural Marxists facilitated the racial organization of non-whites, while simultaneously asserting that “race does not exist” for white people and that whites must deny all racial loyalties. Cultural Marxists typically support race-based affirmative action, the proposition state (as opposed to a nation rooted in common ancestry), elevating non-Western religions above Western religions, globalization and free trade, speech codes and censorship, multiculturalism,

diversity training, anti-Western education curricula, maladaptive sexual norms, the dispossession of white people, and mass Third World immigration into Western countries. Cultural Marxists have promoted idea that white people, instead of birthing white babies, should interracially [sic] marry or adopt non-white children. Samuel P. Huntington maintained that Cultural Marxism is an anti-white ideology..."

Their goals as articulated by Timothy Mathews found [here](#):

1. The creation of racism offences. [sic]
2. Continual change to create confusion
3. The teaching of sex and homosexuality to children
4. The undermining of schools' and

teachers' authority

5. Huge immigration to destroy identity.

6. The promotion of excessive drinking

7. Emptying of churches –assault on Christianity

8. An unreliable legal system with bias against *victims* of crime ex. hate crimes laws in which only "minority victims" are protected
