Who owns the bank?

-PLATO (427-347 BC)

“Who” owns the central bank in your country? Ding. Ding. Ding.

There's always free cheese in a mouse trap.

“We're building a domestic army because the government is afraid of its own citizens. I can't believe people don't see it! Is everybody blind?... There's always free cheese in a mouse trap.” Colonel Martino

Yes, they are blind and they refuse to see. The truth is a painful revelation which few want to deal with, nor can they deal with it. They're afraid. Who can really blame people for looking the other way? Personally, I'd rather watch the 1970's ABC movie of the week. Who wants to know the American Dream is but an illusion. It's a fraud, a con job, the big lie, the hustle, the scam and we've been "had" by the best con artists ever. Simply the best.

The backdoor is the "new" front door. The Bolsheviks at the communist front group that misleadingly calls itself the Southern Poverty Law Center (SPLC), label people who are opposed to their "government"— *domestic*

extremists. They've got it all backwards. The real *domestic extremists* are the people who are supporting a "tyrannical military police state government" like the Bolsheviks do at the SPLC. The patriots are those people who oppose what the real *domestic extremists* are doing.

Praise the Lord and pass the ammunition was a little ditty they sang in WWI. What shall we sing? Welcome to the NW0?

Police State USA will be the new name for "America". And you'll like it. You'll like it, or else.

One Big Club and YOU ain't in it!

“But there’s a reason. There’s a reason. There’s a reason for this, there’s a reason education SUCKS, and it’s the same reason it will never, ever, EVER be fixed.

It’s never going to get any better, don’t look for it, be happy with what you’ve got.

Because the owners, the owners of this country don’t want that. I’m talking about the real owners now, the BIG owners! The Wealthy... the REAL owners! The big wealthy business interests that control things and make all the important decisions.

Forget the politicians. They are irrelevant. The politicians are put there to give you the idea that you have freedom of choice. You don't. You have no choice! You have OWNERS! They OWN YOU. They own everything. They own all the important land. They own and control the corporations. They've long since bought, and paid for the Senate, the Congress, the state houses, the city halls, they got the judges in their back pockets and they own all the big media companies, so they control just about all of the news and information you get to hear. They got you by the balls. They spend billions of dollars every year lobbying, lobbying, to get what they want. Well, we know what they want. They want more for

themselves and less for everybody else, but I'll tell you what they don't want:

They don't want a population of citizens capable of critical thinking. They don't want well informed, well educated people capable of critical thinking. They're not interested in that. That doesn't help them. That's against their interests.

That's right. They don't want people who are smart enough to sit around a kitchen table and think about how badly they're getting fucked by a system that threw them overboard 30 fucking years ago. They don't want that!

You know what they want? They want obedient workers. Obedient workers, people who are

just smart enough to run the machines and do the paperwork. And just dumb enough to passively accept all these increasingly shitty jobs with the lower pay, the longer hours, the reduced benefits, the end of overtime and vanishing pension that disappears the minute you go to collect it, and now they're coming for your Social Security money. They want your retirement money. They want it back so they can give it to their criminal friends on Wall Street, and you know something? They'll get it. They'll get it all from you sooner or later cause they own this fucking place! It's a big club, and you ain't in it! You, and I, are not in the big club."

Thompson Iserbyte, author of [The Deliberate Dumbing Down Of America](#) likes to refer to them, have been busy for a very long time. They implement their agenda by indoctrinating kids. They're very good at it. Just remember what someone once said, "The first casualty of war is truth and the first tactic of war is deception. Unfortunately, the last casualty of war is also truth, as the spoils of war include a virtual monopoly on writing the history of the war for posterity."

They create a “new past” and a “new present”.

The caption reads “Comrade Lenin cleanses the earth of filth”...actually he and his tribal backers were busy cleansing the earth of Christians and Christianity. They’re still at it today.

“Not suicide, but a mercy killing”

Over 22 active duty soldiers and veterans commit suicide every day. Did you know that? Ever wonder why? Perhaps the suicide note written by this tormented US soldier will open your eyes. Originally published by [Gawker](#) with the family's permission.

“I am sorry that it has come to this.

The fact is, for as long as I can remember my motivation for getting up every day has been so that you would not have to bury me. As things have continued to get worse, it has become clear that this alone is not a sufficient reason to carry on. The fact is, I am not getting better, I am not going to get better, and I will most certainly deteriorate further as time goes on. From a logical standpoint, it is better to simply end things quickly and let any repercussions from that play out in the short term than to drag things out into the long term.

You will perhaps be sad for a time, but over time you will forget and begin to carry on. Far better that than to inflict my growing misery upon you for years and decades to come, dragging you down with me. It is because I love you that I can not do this to you. You will come to see that it is a far better thing as one day after another passes during which you

do not have to worry about me or even give me a second thought. You will find that your world is better without me in it.

I really have been trying to hang on, for more than a decade now. Each day has been a testament to the extent to which I cared, suffering unspeakable horror as quietly as possible so that you could feel as though I was still here for you. In truth, I was nothing more than a prop, filling space so that my absence would not be noted. In truth, I have already been absent for a long, long time.

My body has become nothing but a cage, a source of pain and constant problems. The illness I have has caused me pain that not even the strongest medicines could dull, and there is no cure. All day, every day a screaming agony in every nerve ending in my body. It is nothing short of torture. My mind is a wasteland, filled with visions of incredible horror, unceasing depression, and crippling anxiety, even with all of the medications the doctors dare give. Simple things that everyone else takes for granted are nearly impossible for me. I can not laugh or cry. I can barely leave the house. I derive no pleasure from any activity. Everything simply comes down to passing time until I can sleep again. Now, to sleep forever seems to be the most merciful thing.

You must not blame yourself. The simple truth is this: During my first deployment, I was made to participate in things, the enormity of which is hard to describe. War crimes, crimes against humanity. Though I did not participate willingly, and made what I thought was my best effort to stop these events, there are some things that a person simply can not come back from. I take some pride in that, actually, as to move on in life after being part of such a thing would be the mark of a sociopath in my mind. These things go far beyond what most are even aware of.

To force me to do these things and then participate in the

ensuing coverup is more than any government has the right to demand. Then, the same government has turned around and abandoned me. They offer no help, and actively block the pursuit of gaining outside help via their corrupt agents at the DEA. Any blame rests with them.

Beyond that, there are the host of physical illnesses that have struck me down again and again, for which they also offer no help. There might be some progress by now if they had not spent nearly twenty years denying the illness that I and so many others were exposed to. Further complicating matters is the repeated and severe brain injuries to which I was subjected, which they also seem to be expending no effort into understanding. What is known is that each of these should have been cause enough for immediate medical attention, which was not rendered.

Lastly, the DEA enters the picture again as they have now managed to create such a culture of fear in the medical community that doctors are too scared to even take the necessary steps to control the symptoms. All under the guise of a completely manufactured "overprescribing epidemic," which stands in stark relief to all of the legitimate research, which shows the opposite to be true. Perhaps, with the right medication at the right doses, I could have bought a couple of decent years, but even that is too much to ask from a regime built upon the idea that suffering is noble and relief is just for the weak.

However, when the challenges facing a person are already so great that all but the weakest would give up, these extra factors are enough to push a person over the edge.

Is it any wonder then that the latest figures show 22 veterans killing themselves each day? That is more veterans than children killed at Sandy Hook, every single day. Where are the huge policy initiatives? Why isn't the president standing with those families at the state of the union?

Perhaps because we were not killed by a single lunatic, but rather by his own system of dehumanization, neglect, and indifference.

It leaves us to where all we have to look forward to is constant pain, misery, poverty, and dishonor. I assure you that, when the numbers do finally drop, it will merely be because those who were pushed the farthest are all already dead.

And for what? Bush's religious lunacy? Cheney's ever growing fortune and that of his corporate friends? Is this what we destroy lives for

Since then, I have tried everything to fill the void. I tried to move into a position of greater power and influence to try and right some of the wrongs. I deployed again, where I put a huge emphasis on saving lives. The fact of the matter, though, is that any new lives saved do not replace those who were murdered. It is an exercise in futility.

Then, I pursued replacing destruction with creation. For a time this provided a distraction, but it could not last. The fact is that any kind of ordinary life is an insult to those who died at my hand. How can I possibly go around like everyone else while the widows and orphans I created continue to struggle? If they could see me sitting here in suburbia, in my comfortable home working on some music project they would be outraged, and rightfully so.

I thought perhaps I could make some headway with this film project, maybe even directly appealing to those I had wronged and exposing a greater truth, but that is also now being taken away from me. I fear that, just as with everything else that requires the involvement of people who can not understand by virtue of never having been there, it is going to fall apart as careers get in the way.

The last thought that has occurred to me is one of some kind

of final mission. It is true that I have found that I am capable of finding some kind of reprieve by doing things that are worthwhile on the scale of life and death. While it is a nice thought to consider doing some good with my skills, experience, and killer instinct, the truth is that it isn't realistic. First, there are the logistics of financing and equipping my own operation, then there is the near certainty of a grisly death, international incidents, and being branded a terrorist in the media that would follow. What is really stopping me, though, is that I simply am too sick to be effective in the field anymore. That, too, has been taken from me.

Thus, I am left with basically nothing. Too trapped in a war to be at peace, too damaged to be at war. Abandoned by those who would take the easy route, and a liability to those who stick it out—and thus deserve better. So you see, not only am I better off dead, but the world is better without me in it

This is what brought me to my actual final mission. Not suicide, but a mercy killing. I know how to kill, and I know how to do it so that there is no pain whatsoever. It was quick, and I did not suffer. And above all, now I am free. I feel no more pain. I have no more nightmares or flashbacks or hallucinations. I am no longer constantly depressed or afraid or worried

I am free.

I ask that you be happy for me for that. It is perhaps the best break I could have hoped for. Please accept this and be glad for me."

WHAT DOES JOHN HAGEE REALLY WANT?

By Chuck Baldwin

June 27, 2013

NewsWithViews.com

“John Hagee, and many other evangelical preachers, constantly beat the war drums. Without ceasing, they encourage America’s political leaders to wage non-stop wars of aggression—especially in the Middle East. They constantly trumpet America’s unconstitutional interventions in the Middle East with terms not unlike those used by militant Muslims. Hagee’s pro-war fanaticism is so extreme one must wonder how much he is being paid by the Israeli lobby. My guess is it’s a bunch. Much of this Christian war fever is due to a convoluted interpretation of

Scripture—especially prophetic Scripture. While I will leave most of this discussion for another day, let me simply say that whatever God plans to do in regard to the reestablishment of the Davidic Kingdom, it has precious little to do with the atheistic, apostate government currently headquartered in Tel Aviv. And Hagee, himself, teaches apostasy when he declares that Jewish people today have a special covenant with God and do not need to come to faith in Jesus Christ in order to be saved, and when he says that Jesus never even claimed to be Christ (Messiah).

Jesus said, “I am the way, the truth, and the life; no man cometh unto the Father but by me.” (John 14:6 KJV) Now, either Jesus or John Hagee told the truth. I’ll take the word of Jesus. Plus, Mr. Hagee apparently forgot Simon Peter’s confession, which Jesus said was due to a revelation from God the Father, “Thou art the Christ, the Son of the living God.” (Matthew 16:16 KJV)

So, what is it that Hagee and the rest really want? Perpetual war? Total genocide? A global New World Order with the likes of G.W. Bush or Barack Obama at the helm? What do they really want? Do they really have such an inflated view of themselves that they truly believe that they are going to manipulate what God does or doesn't do regarding the fulfillment of end time events? Is God their servant? Is God Israel's servant? Is God America's servant? Balderdash! God is no man's (or country's) servant.

I wonder what these warmonger-preachers think about all the "blowback" from these illegal and immoral wars of aggression that G.W. Bush (and now Barack Obama) has led us into. Not only are these wars provoking people all over the world against us and doing more to recruit volunteers for militant extremists in the Middle East than anything Al Qaeda could do on their own, they are having catastrophic results on

missionary work.

Now think this through: these warmongering evangelicals beat the war drums; they encourage the young men from their churches to go off and fight these “holy” wars; they work tirelessly to elect pro-war politicians; and they twist Old Testament Scripture to fit these modern crusades. Then, the politicians whom the warmongers helped elect send the US military to invade, bomb, and kill hundreds of thousands of people, the vast majority of whom are innocent people. After which, these same warmonger-preachers get up in their pulpits and cry and weep about how we need to send missionaries to preach the Gospel to the same people they just got done trying to annihilate...” [Read the rest here](#)

Daniel Somers said to consider his suicide “Not suicide, but a mercy killing”...

“...The simple truth is this: During my first deployment, I was made to participate in things, the enormity of which is hard to describe. War crimes, crimes against humanity,” wrote Somers. “Though I did not participate willingly, and made what I thought was my best effort to stop these events, there are some things that a person simply can not come back from. I take some pride in that, actually, as to move on in life after being part of such a thing would be the mark of a sociopath in my mind. These things go far beyond what most are even aware of...”

Oh yes, Daniel. Indeed they do.

Rest in peace.

Who Wants To Destroy Western Civilization?

Marxists want to destroy Western civilization. Marxism is synonymous with Communism and Bolshevism. Marxists are everywhere. They disguise themselves well. Some Marxists will even change their name in an effort to hide their true identity such as the founder of Marxism, Karl Marx whose real name was Mordechai Levy , or Vladimir Lenin whose real name was Vladimir Ilych Ulyanov , or Leon Trotsky whose real name was Lev Davidovich Bronstein.

Marxists typically appoint a *puppet* to sit on the “throne” while they lurk behind the curtain pulling the strings in order to direct their “front men” and advance their agenda. Aleksandr I. Solzhenitsyn said, “The Communist ideology is to destroy your

social order. This has been their aim for 125 years and it has never changed; only the methods have changed a little...And what is ideological war? It is a concentration of hatred, a continued repetition of the oath to destroy the Western world.”

And what is the Western world? Everything Christian and ethnic European is the “western world”. Europe, the United States, Canada, Australia and New Zealand make up the “Western” world.

To understand exactly what Marxists are really all about, watching the documentary entitled [*In The Shadow of Hermes*](#) is a good place to begin.

SO YOU WANT TO GO TO WAR...oh, DO YA BABY?

SO. . . YOU WANT TO GO TO WAR?

Are you sure? You're willing to risk your life for. . . what? For whom? Your country needs you? To do what? To massacre innocent, defenseless people?

Why? Is your country at risk? Or do you have your country confused with the corporation in Washington, D.C... the U.S. Government, Inc.? Are you willing to forfeit your life and possibly your soul in blind obedience to the government? Are you willing to become a human guinea pig to the Military/Industrial/ Pharmaceutical complex? You will. . . if you go to war.

This section will examine accounts of the U.S. Government/U.S. Military exploitation of its property: G.I. Joes and Janes (government issue) who wear identification declaring them dogs. . . as in Dog Tags hung by chains around their necks, bearing a name and Social Slavery number. We will also consider acts of senseless violence committed by individuals known as US/UN peacemakers / peacekeepers, "just following orders".

When we take a look at the atrocities that have been and are still being committed against U.S. soldiers – in all branches of the military – it boggles the mind. A few examples, include:

- biological and chemical agents sprayed on and injected into unwitting 'participants';
- the deadly use of depleted uranium (DU) in clothing and other articles;
- Gulf War Illness that has crippled and killed hundreds of thousands of vets, while wreaking havoc on their offspring;
- the deliberate attempt by Israel – with the help of the U.S. military, and the continued cover-up by the U.S. Government, including the Congress – to sink the USS Liberty, killing and wounding hundreds of sailors;
- forced vaccination of troops with anthrax

vaccine declared unsafe for the civilian population; and

- an endless list of crimes against and by both draftees and enlisted personnel.

Men – and now women – have been and are being victimized by a government they believe to be ‘their government who loves them’, as in: “My Government would never hurt me! I love My Government! My Government loves me!”

No. The government does not love us. Our Heavenly Father loves us.

A government is a ‘which’, not a ‘who’; the word ‘government’ is a noun, a thing... not a person. Governments do not – cannot – love.

A government is a fiction, made by man, staffed by men and women... most of whom do not love. Love is of Creator. Evil is **not** of Creator. Evil is not the **opposite** of love, for what is Real has no opposite. Evil is the **absence** of love, as darkness is the absence (not the opposite) of light. Man does not – cannot – create outside of, nor apart from his Creator. Governments are made, not created.

The U.S. Government, Inc. (it is in fact a corporation), is not worthy of trust nor love nor allegiance, for those holding and controlling the reins of the U.S. Government, Inc. are obsessed with attaining only one goal: World Dominion. An important aspect of the plan for World Dominion is reduction in the world’s population.

How they intend to accomplish the goal is a slowly, steadily unfolding envelope of past events coming into the light of our awareness. If we know the truth of the past, the present is understandable, and their

projected future for us is discernible. The future for us in their overall plan is a system of master and slaves. And they do not treat their slaves well, as we are witnessing.

I've spoken with men who described the gut-wrenching pain of discovery when the evidence is too great to continue a lifetime of ignorance and/or denial. Their awakening is often a two-fold experience: along with the grievous acts of evil inflicted upon them, the predominant realization seems to be the lies they have been told that would seduce them into killing and maiming innocent men, women and children in foreign lands that pose no threat to America.

They suddenly understand that there is little difference in the acts of evil committed against them while in the service of their 'beloved and trusted government', and the crimes they personally have committed against humanity. Some have killed their fellow Americans 'in the line of duty'.

Through [media mind control](#) and military indoctrination these young men were convinced that they were fighting for 'their country'; fighting for the freedom and liberty of those they were killing, when in fact they were literally killing and dying in defense of the New World Order.

"It has occurred to me that any time any person in the military kills another person – unless they kill in defense of the nation – it is murder. There is never any other reason to go to war. When I was in Vietnam I became a murderer. A murderer! I committed murder, and I repent of it today. I do not understand how I allowed myself to believe that what I was doing was good and noble.

“And today, we have the U.S. military spread into a hundred-forty or more countries all doing the same thing. . . committing murder.” M.Payne – former marine and Vietnam veteran; Mt. Airy, N. Carolina

One needn't physically kill to be part of the killing. Every thoughtless individual who supports the current neverending war, or who works for the war effort by virtue of his or her vocation, avocation or religion, regardless the perceived separation by distance, is voluntarily taking part.

Our responsibility then, when we know the truth, is to choose rightly. It is **always** a matter of individual choice, and if that choice leaves us feeling isolated from the masses, or our very dearest friends and family members... so be it.

The dilemma for young people is and has been the [forced registration](#) (*link coming soon*) of the draft. They are warned that:

“Failure to register, or otherwise comply with the Military Selective Service Act is, upon conviction, punishable by a fine of up to \$250,000, imprisonment for up to five years, or both.”

Once they have registered, they are treated as property of the U.S. Government, required 'by law' to report their whereabouts until such time as they have passed the draft age. In this section we will look at the 'laws' that allegedly leave no choice.

Many poorly educated and jobless young people enlist today, bartering four years of their young lives in return for food, shelter and clothing, along with the enticement of furthering their education with

government funding. Even the possibility of being killed in the neverending war is no deterrent because they see no other way out of the poverty at home.

The international bankers' "planned economy" via the NAFTA (1993) and GATT/WTO (1994) has handily eliminated industry and millions of jobs in America in order to provide their mercenary army with youngsters groping and hoping for some semblance of 'security'. Lest you believe our present situation has all happened by a natural course of events, consider this:

The July/August, **1993** issue of Foreign Affairs, featured an article by Arthur Schlesinger, Jr., titled ***Back To The Womb?***, in which the author asserted that:

"In defense of the World Order. . . U.S. Soldiers would have to kill and die.

. . . We are not going to achieve a New Order without paying for it in blood as well as in words and money."

Be very clear that the blood shed will not be – has never been – the war-makers' blood. The hapless warrior who kills and dies for the New World Order is the pawn in this deadly game.

Foreign Affairs is the flagship publication of the Council on Foreign Relations. It didn't occur to Mr. Schlesinger that Americans would refuse to kill and die for the World Order, because plans for our economic demise were being laid as the article was written... the NAFTA was passed through the U.S. House on November 17, 1993. The U.S. Senate passed it on Saturday, the 20th, during quarter and half-times of

a hot football game they were watching in the cloak room.

After you have read the information in this section consider once more the question: "So... you want to go to war?" ...

Oh Glenn, where are your tears?

“It’s no secret that Glenn Beck is a Communitarian, and his target audience is the asleep at the wheel politically conservative Christian. Since the past several decades of Christians have been raised on heavy doses of God and country (patriotism), his rhetoric all sounds copacetic. But when the trained ear recognizes that Beck is “pushing through the polarities of left and right in an effort to find a third way, [2]” his Communitarian schpeel takes on all new meaning.

Beck is promoting the “Third Way,”

and he wants to use the Tea Party to help fulfill a Luciferian global agenda toward world government. Many believe that the Libertarian Party is the Communitarian front for the globalist agenda, which develops a middle ground to the Left-Right paradigm. Gun Ban Results in Tragic Deaths

The following story was first printed in the New American magazine and is dated April 20th. The author is unknown.

BOSTON – National guard units seeking to confiscate a cache of recently banned assault rifles were ambushed on April 19th by elements of a paramilitary extremist faction. Military and law enforcement officials estimate that 72 were killed and more than 200 injured before government forces were compelled to withdraw.

Speaking after the clash, Massachusetts Governor Thomas Gage declared that the extremist faction, which was made up of local citizens, has links to the radical right-wing tax protest movement.

Gage blamed the extremists for recent incidents of vandalism directed against internal revenue offices. The governor, who described the group's organizers as "criminals," issued an executive order authorizing the summary arrest of any individual who has interfered with the government's efforts to secure law and order.

The military raid on the extremist arsenal followed widespread refusal by the local citizenry to turn over recently outlawed assault weapons. Gage issued a ban on military-style assault weapons and ammunition earlier in the week. This decision followed a meeting earlier this month between government and military leaders at which the governor authorized the forcible confiscation of illegal arms.

One government official, speaking on condition of anonymity, pointed out that "none of these people would have been killed had the extremists obeyed the law and turned over their weapons voluntarily."

Government troops initially succeeded in confiscating a large supply of outlawed weapons and ammunition. However, troops

attempting to seize arms and ammunition in Lexington met with resistance from heavily-armed extremists who had been tipped-off regarding the government's plan.

During a tense standoff in Lexington's town park, National Guard Colonel Francis Smith, commander of the government operation, ordered the armed group to surrender and return to their homes. The impasse was broken by a single shot, which was reportedly fired by one of the right-wing extremists.

Eight civilians were killed in the ensuing exchange. Ironically, the local citizenry blamed government forces rather than the extremists for the civilian deaths. Before order could be restored, armed citizens from surrounding areas had descended upon the guard units. Colonel Smith, finding his forces over-matched by the armed mob, ordered a retreat.

Governor Gage has called upon citizens to support the state/national joint task force in its effort to restore law and order. The governor has also demanded the surrender of those responsible for planning and leading the attack against the government forces. Samuel Adams, Paul Revere, and John Hancock, who have been identified as "ringleaders" of the extremist faction, remain at large.

There will be no work for Whites! says ANC Mayor ...

There will be no work for Whites!

Starvin' and killin' Whitey in South Africa is the name of the game. Genocide. White Genocide. Gee, what's that you say? You don't believe it because you didn't see it on the MSM? The truth will never appear on the MSM because the truth doesn't fit their agenda. And that agenda is the eradication of the White race by any and

all means. No job, no food. No food, no life.

Here it is for all the world to see. You're in bondage to the lies you've been told all your lives. The future is happening now, right before your very eyes. Did you know that White people are now barred from having jobs in Johannesburg, SA? The Black Economic Empowerment laws bar Whites from jobs. Read this:

African National Congress (ANC) Mayor of Johannesburg Parks Tau: 'There will be no work for whites'!

ANC SÊ GEEN WERK VIR WITTES

Freedom Front Plus newspaper Die Voorblad.co.za:

June 14 2012: "ANC exec-mayor Parks Tau of Johannesburg makes it very clear that there is 'no work for whites' in Johannesburg - that they will 'pursue the black economic empowerment laws aggressively.' Freedom Front councillor Franco de Lange said that was made clear in the reply to his repeated questions whether any of the planned 165,000 short-term work-projects would be for empoverished white youths. He proposed that for every ten black appointments one white should also be appointed...

"Ons staan aan die begin van die nuwe finansiële jaar in die Johannesburg Metro en die Uitvoerende Burgemeester, Parks Tau (ANC) het dit baie duidelik gemaak dat geen werk vir wittes geskep sal word nie en dat die ANC sy Swart Ekonomiese Bemagtiging-strategie aggressief sal navolg", het Franco de Lange, VF+ Hoofswep in die Johannesburg metro gesê.

Die uittaling spruit uit die vrae wat Rdl de Lange al vyf keer in die Raad gevra het oor 'n periode van drie jaar. In die vorige termyn van 2006 tot

2011 het die stad se EPWP projekte 165 000 korttermyn werksgeleenthede geskep waar jong mense sekere vaardighede kon leer om hulle vir die privaatsektor voor te berei.

Die VF+ het 'n voorstel ter tafel gelê dat die stad vir elke tien swart aanstellings, een blanke in diens kan neem maar die ANC het geen belangstelling getoon nie.

Raadslid de Lange het beklemtoon dat armoede regoor die kleurgrens strek en dat werkskepping nie net na die een kant toe kan plaasvind nie.

Hy het ook 'n dringende beroep op die regering gedoen dat dit nou hoog tyd is om van regstellende aksie ontslae te raak want dit veroorsaak rassiespanning tussen Suid-Afrikanners.

Is there any correlation between what is happening in South Africa and what is happening here in America? I forgot most of you have been brainwashed to “see” only what they want you to “see”. The truth never enters your mind and if someone dares point out the truth to you, they must be a *racist* for “seeing” it and trying to get you to “see” it too. Unless people are willing to “see” what is right in front of them, and “hear” what they are being told – we are doomed.

What do you think will happen here in the very near future, in our communist controlled nation? What was it one of those highly paid shills said not too long ago? Oh, I remember now. She said, “Demographics is destiny”. Same commies who control it all down there, control it all here too. Don’t be fooled by their puppet front men; NEVER forget, they work to advance their Master’s agenda. They only lead the death march, they didn’t write the tune.

So what group do you belong to? Is it the group that “sees” the truth and speaks it or the group that pretends there is nothing to “see”?

Few people today understand what communism really is...

Few people today understand what communism really is and just where the political battle lines are actually drawn. But if you crack open a dictionary and look up the term "Dialectical Materialism." You should find something like this:

"A philosophy founded by Karl Marx... which forms the basis of Communist doctrine: it combines the materialistic idea of matter over mind with the Hegelian dialectic in which opposing forces are constantly being reunited at a higher level." – Lexicon Webster Dictionary

But that definition might beg the question, "What is the Hegelian dialectic?" For modern man, the answer to that question is epic. The Hegelian dialectic has profoundly impacted the world in which you live.

"What is communism?"

The Dialectic: Fomenting the Revolution

The concept of the dialectic has been around for a long time. It is simply that of opposite positions: Thesis (position) vs. Antithesis (opposite position). In traditional logic, if my thesis was true, then all other positions were by definition untrue. For example, if my thesis is $2 + 2 = 4$, then all other answers

(antithesis) are false. Georg W.F. Hegel, the nineteenth century German philosopher, turned that concept upside down by equalizing Thesis and Antithesis. All things are now relative. There is no such thing as absolute truth to be found anywhere. Instead, "truth" is found in Synthesis, a compromise of Thesis and Antithesis. This is the heart and soul of the consensus process.

This is diametrically opposed to the...Christian world-view prevalent in the Western world for the better part of two millennium that held that God existed, that He existed outside of the material creation and that man had a moral obligation to Him and His laws. God was transcendent and thus

truth was absolute and transcendent, outside of our ability to manipulate it.

This all changed with Hegel and modern man was born. Man could now challenge any authority and position, even God. Since there is no such thing as absolute truth, "my truth" is just as good as "your truth", so don't tell me what to think or how to behave. As Nietzsche, the "God is Dead" philosopher, would later say, "There is absolutely no absolute." Now $2 + 2$ can equal 5, or 17, or whatever you feel is right... [read more here](#)

"...In this volume the author endeavors to give an accurate history of the present National Bank System of currency, including an account of the first United States Bank,- both of which were borrowed from Great Britain by those statesmen who, like the father of Sir Robert Peel, believed that a national debt was the source of prosperity.

It is believed that the facts adduced in the following pages will be productive of some good, in pointing out the immense evils lurking in that system of banking, a system which has produced panics at will, and which is the active abettor of the stock gamblers, railroad wreckers, and those industrial tyrants of modern times, the enormously overcapitalized and oppressive trusts.

It is sought to point out the great dangers of delegating purely government powers to these greedy monopolists, by which they are enabled to organize a money trust, far more tyrannical than all the other combinations now in existence; and by which they absolutely defy the authority that endowed them with corporate life.

The issue between these banks and the people will be joined in the near future, and the greatest struggle the world ever witnessed will take place between the usurping banks on the one hand and the people on the other.

In the nature of things, unjustly acquired power of man over man generally rises to such heights of arrogance, as to eventually create a public opinion that will grind tyranny of every form to atoms, hence, The Coming Battle that will surely take place in the near future and the victory that will be won by justice will be the noblest events in American history..."

Here is an excerpt from one of her articles:

According to the globalists, the Constitution must be crushed in order to establish global governance. Every freedom must be revoked; the Bill of Rights must be misrepresented with persuasive propaganda from the most trusted sources. The entire deceptive operation must appear to benefit the masses. It must be shrewdly executed with focused determination or the populace may awaken and revolt.

The religious persecution that drove settlers from Europe to the British North American colonies sprang from the conviction, held by Protestants and Catholics alike, that uniformity of religion must exist in any given society. This conviction rested on the belief that there was one true religion and that it was the duty of the civil authorities to impose it, forcibly if necessary, in the interest of saving the souls of all citizens. [1]

Religious intolerance and persecution is rampant in many countries. Because of the religious intolerance directed at my own ancestors I am adamant about separation of

church and state. Religious reformer John Rogers, a distant but direct ancestor (11th great grandfather), was burned at the stake on February 4, 1555 at Smithfield, near Warwick, Nottinghamshire, England during the reign of Mary Tudor. He was a close associate of William Tyndale and an editor of the "Matthew Bible." Rogers was the first British Protestant martyr under Queen Mary. "On the Monday morning of his death, the Sheriff had shown Rogers a document promising pardon if he would recant. 'That which I have preached with my lips will I seal with my blood,' was the answer." [2]

The Constitution established our federal government. That document is a two way agreement; it is every citizen's social contract with their government. Accordingly, all of our rights are protected – except the ones we willingly give up. Driven by government-provoked fear, we frequently give up sovereignty for alleged security. We are relinquishing, little by little, our God-given freedoms and will eventually wake up enslaved in a tyrannical, controlling state.

Mass persuasion by public officials, news commentators, teachers and some church leaders falsely claim that we live in a democracy rather than a republic. Some of those same individuals claim that "separation of church and state" is not a constitutional concept. Repetitive lies, accepted as fact, soon gain acceptance by those who fail to read the available documents. "The most brilliant propagandist technique will yield no success unless one fundamental principle is borne in mind constantly... it must confine itself to a few points and repeat them over and over."– Joseph Goebbels, Nazi Propaganda Minister.
