

## **NOTICE**

Your local planning department will try to convince you that ICLEI is not affiliated with the United Nations

**This is a lie.**

You will hear that ICLEI is called Local Governments for Sustainability. The name was changed from International Council on Local Environmental Initiatives in order to convince you that ICLEI is a local group.

**This is a lie.**

ICLEI is a stealth organization that says it represents 600 million people worldwide. It is made up of local government officials who meet outside of the public view. These officials are influenced with model statutes, ordinances, and laws that are given to them by ICLEI to impose on their cities and counties. ICLEI was created to implement UN Agenda 21 /Sustainable Development throughout the world. Sustainable Development sounds like a good thing but it is a way of inventorying and controlling all resources—human and natural and all means of production in the world.

**This sounds crazy, and it is. We're not.**

UN Agenda 21 is the 'Agenda for the 21<sup>st</sup> century' agreed to by George H.W. Bush in 1992 and every president since. This is a land use and energy plan that restricts and monitors every aspect of your life. It has been used to write the General Plan for your city and county.

The following information linking ICLEI to the UN is directly from the Planning Guide for Local Agenda 21. You'll find it in your local Planning Department
