Resolution Exposing United Nations Agenda 21

WHEREAS, the United Nations Agenda 21 is a comprehensive plan of extreme environmentalism, social engineering, and global political control that was initiated at the United Nations Conference on Environment and Development (UNCED) held in Rio de Janeiro, Brazil, in 1992; and,

WHEREAS, the United Nations Agenda 21 is being covertly pushed into local communities throughout the United States of America through the International Council of Local Environmental Initiatives (ICLEI) through local “sustainable development” policies such as Smart Growth, Wildlands Project, Resilient Cities, Regional Visioning Projects, and other “Green” or “Alternative” projects; and,

WHEREAS, this United Nations Agenda 21 plan of radical so-called “sustainable development” views the American way of life of private property ownership, single family homes, private car ownership and individual travel choices, and privately owned farms; all as destructive to the environment; and,

WHEREAS, according to the United Nations Agenda 21 policy, social justice is described as the right and opportunity of all people to benefit equally from the resources afforded us by society and the environment which would be accomplished by socialist/communist redistribution of wealth; and,

WHEREAS, according to the United Nations Agenda 21 policy National sovereignty is deemed a social injustice; now therefore be it

RESOLVED, the Republican National Committee recognizes the destructive and insidious nature of United Nations Agenda 21 and hereby exposes to the public and public policy makers the dangerous intent of the plan; and therefore be it further

RESOLVED, that the U.S. government and no state or local government is legally bound by the United Nations Agenda 21 treaty in that it has never been endorsed by the (U.S.) Senate, and therefore be it further

RESOLVED, that the federal and state and local governments across the country be well informed of the underlying harmful implications of implementation of United Nations Agenda 21 destructive strategies for “sustainable development” and we hereby endorse rejection of its radical policies and rejection of any grant monies attached to it, and therefore be it further

RESOLVED, that upon the approval of this resolution the Republican National Committee shall deliver a copy of this resolution to each of the Republican members of Congress, all Republican candidates for Congress, all Republican candidates for President who qualify for RNC sanctioned debates, and to each Republican state and territorial party office and recommend for adoption into the Republican Party Platform at the 2012 Convention.

This statement was passed unanimously by the resolution committee of the RNC. Considering the large number of sponsors and the unanimous vote of the committee, we are told by knowledgeable sources that it is highly likely that this resolution will be affirmed at the Republican National Convention in August and will become part of the Republican Platform.

Democrats Against Agenda 21

(The following quotes from: www.democratsagainstunagenda21.com/index.html)

“In a nutshell, the plan calls for governments to take control of all land use and not leave any of the decision making in the hands of private property owners. It is assumed that people are not good stewards of their land and the government will do a better job if they are in control. Individual rights in general are to give way to the needs of communities as determined by the governing body. Moreover, people should be rounded up off the land and packed into human settlements, or islands of human habitation, close to employment centers and transportation. Another program, called the Wildlands Project spells out how most of the land is to be set aside for non-humans.”

“U.N. Agenda 21 cites the affluence of Americans as being a major problem which needs to be corrected. It calls for lowering the standard of living for Americans so that the people in poorer countries will have more, a redistribution of wealth. Although people around the world aspire to achieve the levels of prosperity we have in our country, and will risk their lives to get here, Americans are cast in a very negative light and need to be taken down to a condition closer to average in the world. Only then, they say, will there be social justice which is a cornerstone of the U.N. Agenda 21 plan.”

“Agenda 21 policies date back to the 70's but it got its real start in 1992 at the Earth Summit in Rio de Janeiro when President Bush signed onto it. President Clinton signed it later and continued the program in the United States. A non-governmental organization called the International Council of Local Environmental Initiatives, ICLEI, is tasked (*by the UN*) with carrying out the goals of Agenda 21. Over 600 cities in the U.S. are members; our town joined in 2007. The costs are paid by taxpayers.”

State Legislators for Tennessee have already introduced anti-Agenda 21 legislation - HB3571/SB3407 (Agenda 21/ICLEI)

What is Alabama waiting for?
