

## **ARE YOU WORRIED ABOUT THE DIRECTION AMERICA IS HEADING?**

Are you wondering how our grandchildren, many unable to read their high school diplomas, are going to pay for the excesses of a bloated, insatiable government that continues to lead our nation away from freedom and toward totalitarianism?

With Americans spending all they can earn just to get by, are you curious why everything is not enough to keep our fellow Americans working?

**Are you ready for a REAL change for the BETTER and REAL hope?**
